

CM5300 Color Matcher

COLOR MATCHER

PRODUCT OVERVIEW:

- High color temperature 5300K duplicates natural sunlight
- High power – 70 watts
- Large coverage areas
- Hand-held – lightweight
- Momentary “on/off” switch
- Economical

Infratech Color Matching systems duplicate the effect of natural sunlight in any condition, for flawless color matching every time. The Color Matcher accurately checks the color of paint work to easily identify and eliminate pre- or post-paint mismatches or defects over a large coverage area, for perfect color matching every time. This lightweight, handheld fixture is equipped with a 6' power cord and designed for use over a large coverage area. Its compact profile enables easy storage.
